Understand what it means when ten mercies descend for every Durūd that is recited:

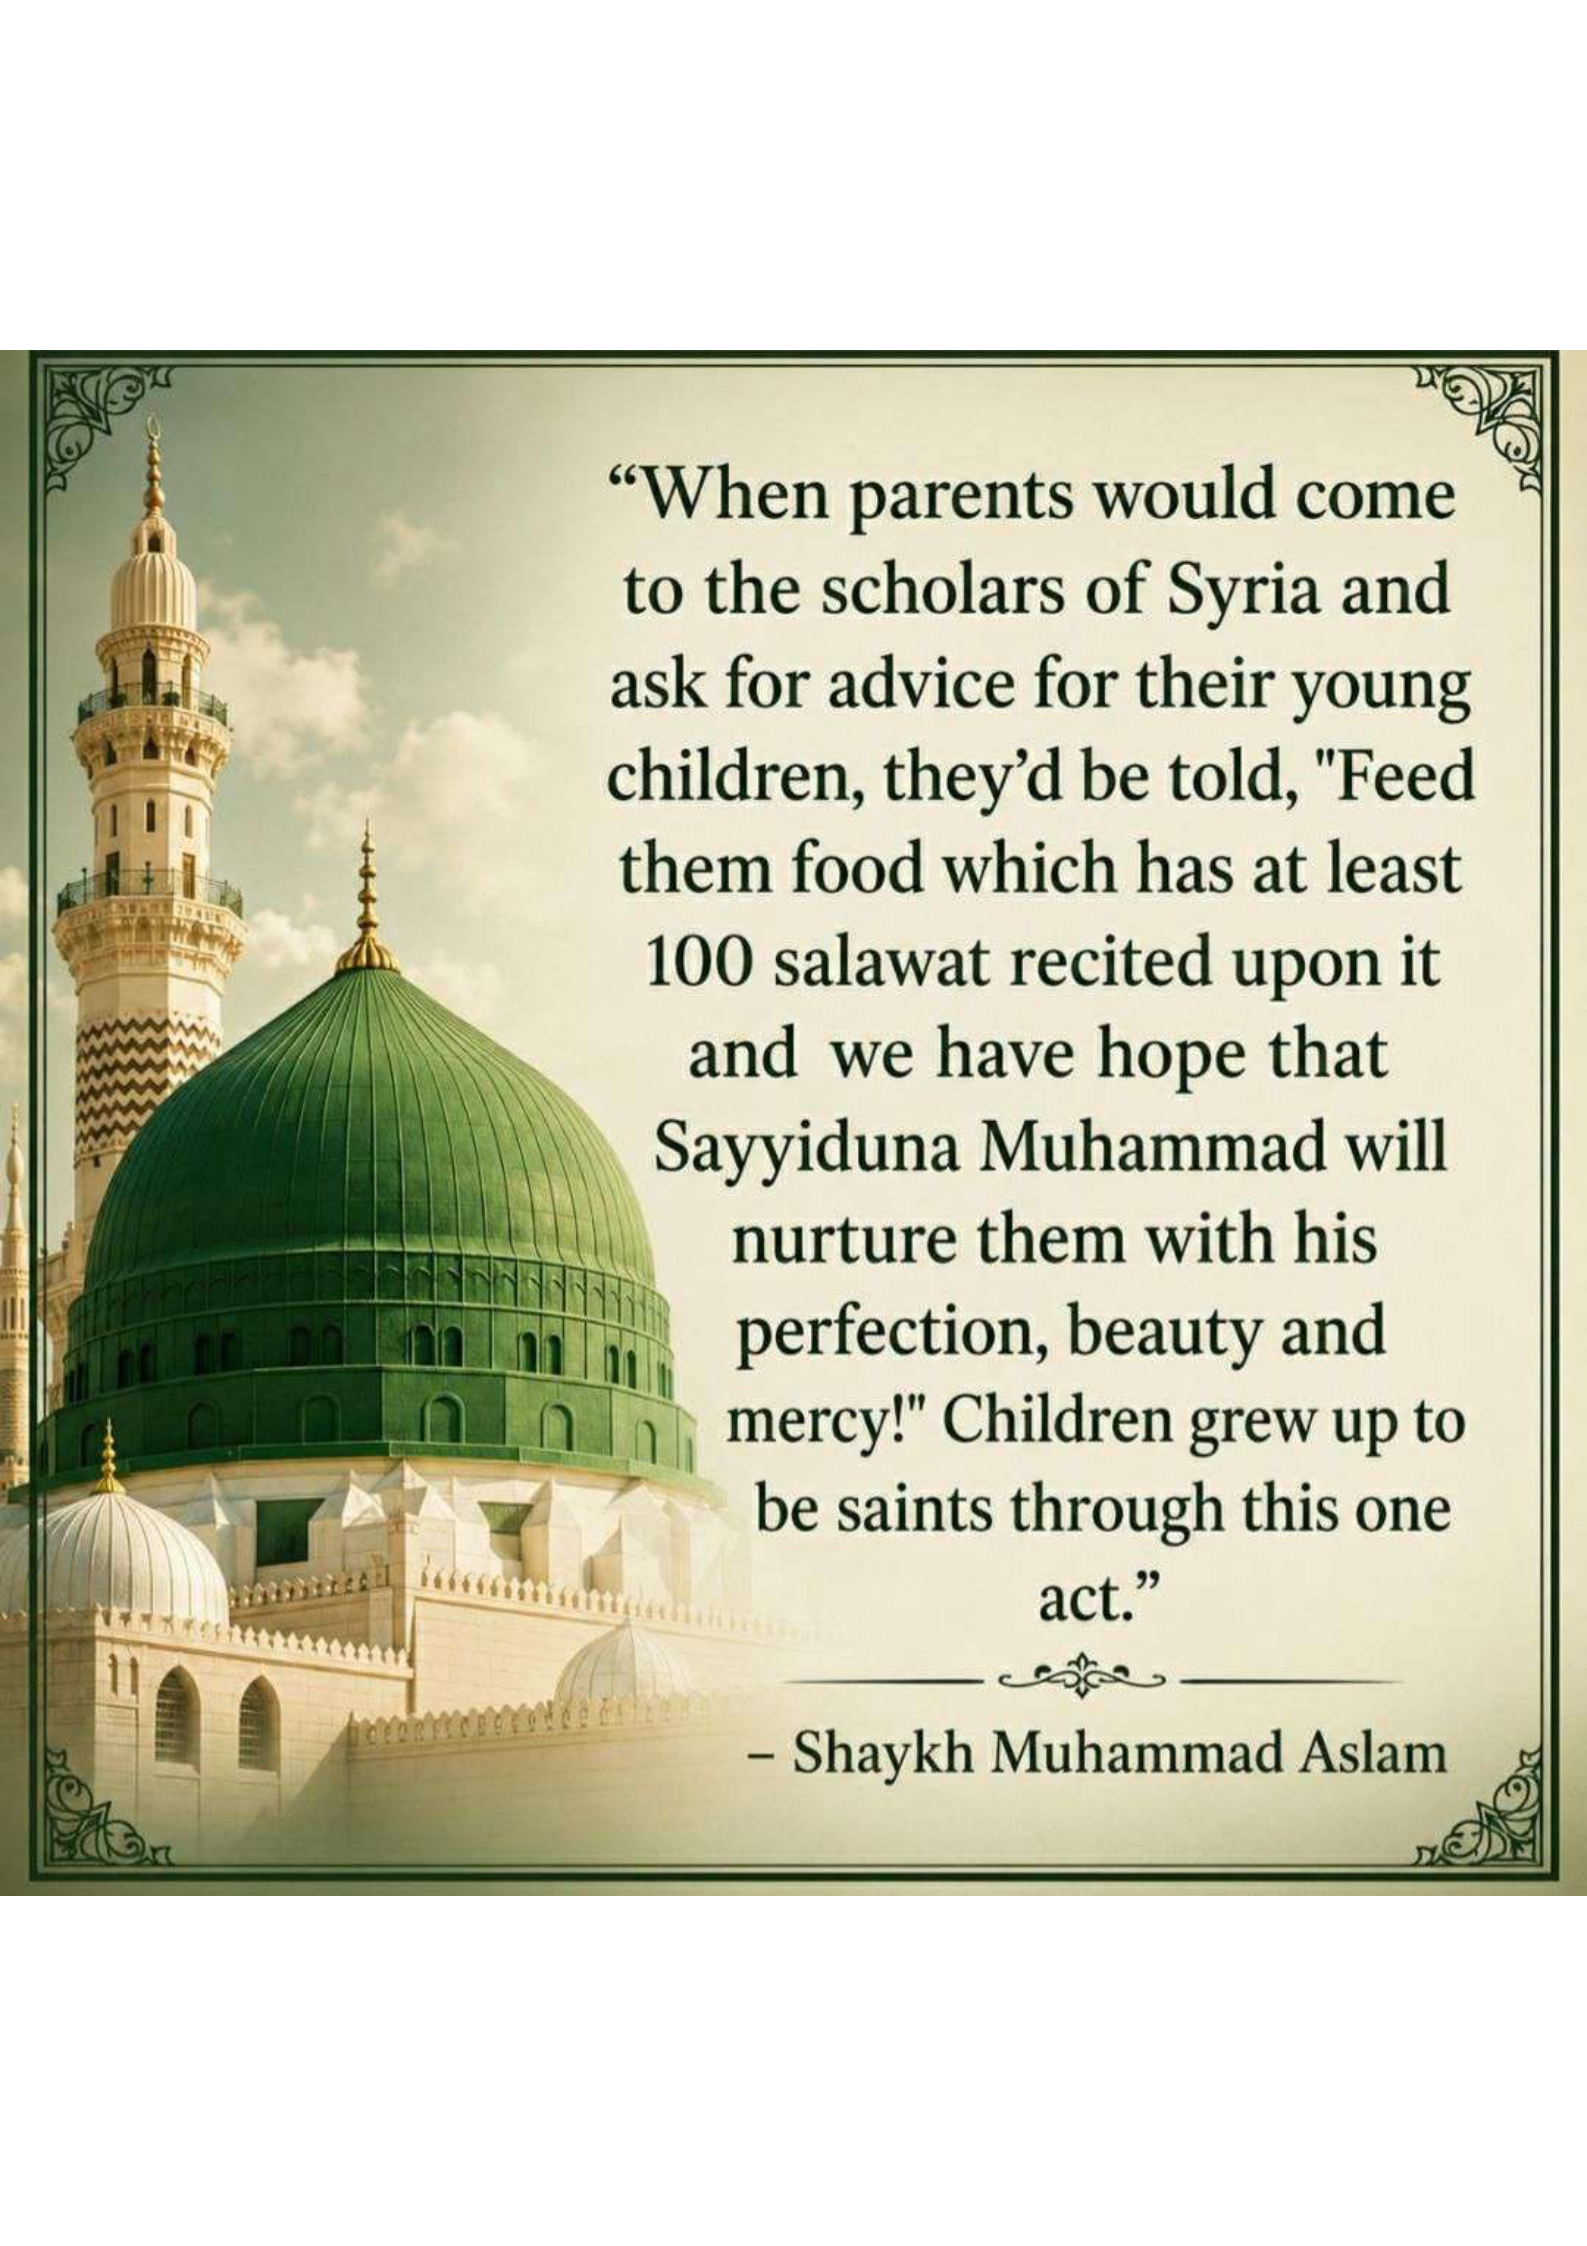

- It means all your worries will eventually be removed.
- It means all your problems will be solved in the best way.
- It means all your issues will be sorted through divine wisdom.

It cannot be that the mercies of Allah are descending upon a servant, and that servant remains consumed by grief and despair.

Durūd is there to bring *relief* and *repair*.

“When parents would come to the scholars of Syria and ask for advice for their young children, they’d be told, “Feed them food which has at least 100 salawat recited upon it and we have hope that Sayyiduna Muhammad will nurture them with his perfection, beauty and mercy!” Children grew up to be saints through this one act.”

But imagine reciting it while picturing your Durūd being presented to the Master ﷺ...

Then imagine every Durūd bringing ten mercies from Allāh into your heart.

You won't just be reciting Durūd anymore... it will become

🌿 your source of consolation,

🛡️ your protection in every tribulation,

💖 and your first reaction to every apprehension.
